

HELP TO “LOWER THE SPIKE”

Sponsor a Spay or Neuter

Did You Know?

- One cat can have up to 3 litters of kittens a year?
- And each litter can have as many as 6-7 kittens?

But just one un-spayed female cat, her mate, and all of their offspring, producing just two litters per year, with 2.8 surviving kittens per litter can result in:

1 Year – 12 4 Years – 2,107 7 Years – 370,092!!!!

Spring is here and so is kitten season! We are asking for your help to prevent pet over-population through spaying and neutering of cats.

SPAY - \$50 NEUTER - \$40
